

1. Administration may provide transportation for Private School students in accordance with joint agreements approved by Board motion.
2. Administration may provide buses and bus repair services to other school jurisdictions at rates set annually by the Board.
3. Administration may provide transportation services to adult students who are attending upgrading classes through their local high school, or Outreach Centre where either Barrhead or Westlock would be the designated high school attendance site for the student. Permission is subject to Regional Office, School and Transportation approval with the proviso that there is a space available on the bus, no discipline problems are anticipated, and bus routes require no change.
4. In designing routes and establishing transportation service parameters, priority for service will be given to resident students of the Division, as defined by the *School Act*, attending Division Schools.
