

This document is intended to assist students with understanding how to find their course in the Student Information System (SIS) and Moodle (Learning Management System-LMS).

Once logged into SIS, there are two ways to find the course(s) students are enrolled in:

Through the Dashboard

Through the Course Information Menu Option

To Find your Course through the SIS Dashboard

1. From the main menu, select the **Dashboard** option.

The screenshot shows the Genius SIS Dashboard for Elizabeth Lam. The 'Dashboard' menu item is highlighted in the left sidebar. The main content area features an 'Academic Snapshot' section with a table of enrolled courses:

Course	LMS	Marker	Grade	Assignments	Pacing
World Geography 30	MOODLE	Clu, Rodney	0%	0 of 9	On Pace
Mathematics 10-3	MOODLE	Hozack, Janet		0 of 30	On Pace

2. Under the **Academic Snapshot** section displayed on the screen, click on the appropriate link underneath the **Course** column to be taken to that course.

This is a close-up of the 'Academic Snapshot' section from the dashboard. It displays the same table of enrolled courses as shown in the previous screenshot:

Course	LMS	Marker	Grade	Assignments	Pacing
World Geography 30	MOODLE	Clu, Rodney	0%	0 of 9	On Pace
Mathematics 10-3	MOODLE	Hozack, Janet		0 of 30	On Pace
